II. OTHER ITEMS

a. The Air Operations Familiarization Course for USAF running from 12 through 21 February was scheduled by agreement with USAF for twelve officers, to be drawn by USAF from a list of some thirty provided us in September and cleared. After notifying us in writing of twelve officers by name, USAF telephoned us about four drop-outs between 5 and 8 February, and informed that it was not going to be possible to bring the net eight up to the agreed twelve. I called this to the attention of C/WPS who made his own inquiries of USAF and also of the Joint Staff. Various alternatives were discussed, ranging from cancelling the course to including officers from other services. It was mutually agreed that time did not permit the latter alternative nor courtesy the first. Accordingly, the class opened on 12 February with eight students, and the problem will be further discussed with C/WPS in terms of the next scheduled running for this year, 14 - 25 May.

b. The Training Officer of FE/█ inquired as to whether the OC were limited to JOTs. I replied that it was not so limited, but that non-JOT applicants for the course would have to meet a substantial burden of proof as to why they should take it. In discussion of the particular case, he and I agreed that the application should come forward. The DDP/TRO later questioned the advisability of this individual taking the OC and also the advisability of other than JOTs taking the OC, the latter question arising in connection with the Medical Office candidate for OC No. 13. On 14 February the DDP/TRO informed that the FE Division candidate, and one other from that Division, would both be taking the OFC rather than OC.
